# Savings

## Did you know?

🌱 An automatic transfer, a PAT, a PAC, and an AFT are all the same thing!

- > PAT is a Pre-Authorized Transfer
- > PAC is a Pre-Authorized Contribution
- > AFT is an Automatic Funds Transfer

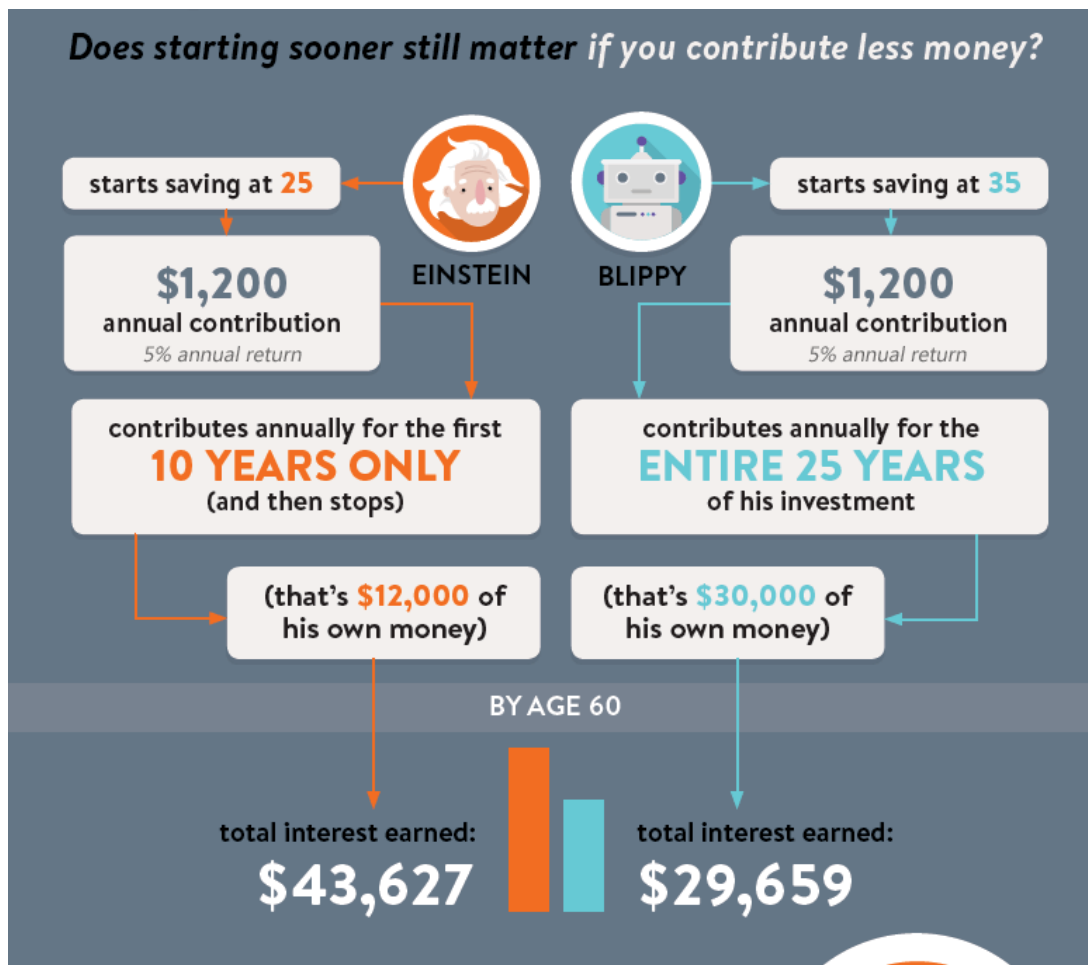

*All are automatic transfers from one account to another account.*

🌱 How does it work?

> An amount (determined by you) is withdrawn from your account on a regular basis, such as weekly, biweekly, monthly, and then deposited directly into your savings account.

*That's the advantage – it's automatically setting aside the savings for you!*

We can show you great ways to save. We have the expertise, the savings accounts and the top notch service. Let's get started.

Simply by starting to save sooner, I was able to contribute \$18,000 less but still make almost \$14,000 more in interest!
